## HERES NEW VIGOR FOR OVERWORKED STOMACHS

W. H. Sheldon, the popular druggist, has been in the drug business long enough to have his own opinion of the best way of selling medicines. He says the plan adopted by Mi-o-na, the great dyspepsia remedy, is the fairest he has ever heard of. He doesn't believe that a medicine ought to be paid for unless it does the user some good. And Mi-o-na is sold under a positive guarantee to relieve dyspepsia or to refund the money. You simply leave 50 cents on deposit with W. H. Sheldon and if, after you have used the box of Mi-o-na you decide that it has done you no good, all you have to do is to tell him so and he will return your money.

Hundreds of people have been relieved of stomach agonies by using this remarkable remedy. It is not simply a food digester; it is a medicine that puts all the digestive organs into normal condition and gives ruddy, glowing, vigorous health. A change for the better will be seen after the first few doses of Mi-o-na, and its continued use will soon give the power to eat anything at any time and not suffer distress afterward. Use Mi-o-na and see how much more there is in life.—adv.
